PAOLA LORETI

1. Short CV

Loreti got maturità scientifica (60/60) and the degree (laurea) in Mathematics at Università degli Studi di Roma La Sapienza in 1984 (110/110 con lode). She is Dottore di Ricerca (Matematica Applicata ed Informatica). Since November 1 2006 she has been Professore Straordinario in Mathematical Analysis at Sapienza Università di Roma, Facoltà di Ingegneria, Dipartimento di Metodi e Modelli Matematici per le Scienze Applicate. She is a member of the collegio dei docenti del dottorato "Modelli e metodi matematici per la tecnologia e la società", Sapienza, Università di Roma. Her research is mainly concerned with Hamilton-Jacobi equations, exact controllability of distributed systems, expansions in non-integer bases.
