

Dear all,

tomorrow I will finally start the lessons via streaming at the institutional time (15: 15-16: 45). I activated the OPTICS course on GOOGLE CLASSROOM where I will put the information and the link to connect to the lesson.

To access CLASSROOM, enter your Sapienza institutional mail; at the top right (I think) you should find a square with all the Google applications. Find CLASSROOM and enter by registering with your Sapienza email. Here look for the code course **btmchq5**.

Half an hour before the beginning of the lesson (therefore at 2.45 pm) I will publish here the link to click to access the lesson. When you connect please turn off your microphone to avoid hums that would make the lesson audio difficult to hear.

Hopefully everything will go well. See you tomorrowA domani Eugenio Fazio
